

## MEMORANDUM

To: Hinesburg Development Review Board

From: David G. White

Date: July 6, 2012

Re: Hannaford – transmittal memo

With respect to Hannaford's pending application before the Hinesburg Development Review Board (DRB) I submit herewith the following documents:

- 1) Sheet C3 – 30-Scale Site Plan, last revised 7-5-12, By O'Leary Burke Civil Associates, showing the swale between Lot 15 and Lot 11 entirely relocated onto Lot 15.
- 2) Sheet C4 – Utility Plan, last revised 7-5-12, By O'Leary Burke Civil Associates, with the addition of the replacement of the culvert under Commerce Street that currently causes backups onto Lot 11.
- 3) Sheet E1 – Easement Plan, last revised 7-5-12, By O'Leary Burke Civil Associates, showing the proposed easement areas for the Farmers' Market and Canal Park.
- 4) Memorandum to David White from Paul O'Leary re: Grover Stormwater Comments, dated July 6, 2012
- 5) Charlotte Rd simulation results, file dated 4-30-12, document dated 4-17-12, by Lamoureux & Dickinson. This provides more detailed backup information with respect to Section #2 of Roger Dickinson's memorandum dated April 30, 2012 (previously submitted) in which he addresses the question of the level of service at that intersection with Hannaford's proposed mitigation, but without Hannaford.
- 6) Revised version of Applicant's Proposed Findings and Decision, dated July 6, 2012, with edits highlighted.
