Re: Hannaford – Conditional Use – supplemental information

At the DRB hearing on May 15, 2012 we discussed Hannaford's conditional use application to allow up to ten employees to be inside the store overnight cleaning, stocking shelves and similar activities. Two questions arose to which this memo responds.

- 1) Will the overnight staff be arriving and departing at all hours of the night?

Answer: The night staff will have a regular eight-hour shift, arriving at 10 pm and departing at 6 am, except for unusual circumstances.

- 2) What will the lighting be inside the store overnight?

Answer: Overnight lighting levels inside the store are cut to only 25% of the illumination used when the store is open for business to customers.
