#### Efficiency Vermont Mobile Home Efficiency Coach Program

UVM student Rachel Heath presented the final draft of her report on mobile home efficiency to the committee members. We went through the report from beginning to end, offering comments and revisions where required. Rachel will incorporate these final changes and then send us the completed report. There will be two versions: one report is for Efficiency Vermont (EV) on the actual improvements provided at the park and the efficiency gains that were recorded, while the other report is for our records and distribution to interested parties reporting on the entire project.

The meeting was adjourned at approximately 9:05 PM.

#### Next Meeting

June 3<sup>rd</sup> (Note: There won't be a May meeting) – Continue/complete our review of the three projects (Haystack Crossing, Hinesburg Center Phase 2, and Wind Energy Associates/Renewable NRG Systems) that are before the DRB regarding their affordable housing components; and any other items to be determined (refer to the meeting agenda posted to the HAHC page of the town's website).

Respectfully submitted,  
Dale Wernhoff
