REVISED - Work Update
Starksboro-Hinesburg (Route 116)
AOT Project No: STP 2930 (1)
Week of July 8th, 2013

In observance of Independence Day, crews will not be performing any work on the project Thursday, July 4th. Excavation crews will be working on Friday, July 5th near North Road in Hinesburg.

Hinesburg: Guardrail and excavation work will continue on Route 116 south of Hinesburg Village between the Bissonette Farm and Hinesburg Sand & Gravel. Work will take place between the hours of 6:30 a.m. and 7:00 p.m. most days.

Starksboro: Monday – There is one structure remaining that needs adjusting and should only take the day Monday to complete.

Tuesday/Wednesday – Milling crews will return to work on milling side road entrances and a small section of Route 116 at the start of the project in preparation for final wearing course paving.

Crews will start installing new traffic signs in the Village and work their way north towards Hinesburg.

All operations will require alternating one-way traffic around the construction zone. Motorists may experience traffic delays and are encouraged to allow for extra time in their travel plans when traveling through these areas.

Contact Francine Perkins, Public Relations Officer, FRP Enterprises, LLC with any questions or concerns with regards to the project at 802-479-6994 or for a more up to date schedule visit www.RoadWorkUpdates.com.
