Work Update

Starksboro-Hinesburg (Route 116)

AOT Project No: STP 2930 (1)

Week of July 15th, 2013

Hinesburg: Guardrail and excavation work will continue on Route 116 south of Hinesburg Village. Work will take place between the hours of 6:30 a.m. and 7:00 p.m. most days.

Starksboro Village: PAVING - Crews will start the final wearing course paving in the Village of Starksboro Monday and continue paving through the end of the week. This application of pavement is thicker than the leveling course paving that was installed at the beginning of the project. Progress will be made at a slower pace than the previous paving.

The paving plan is to pave one lane Monday starting at the project limit near the School and work north to about the Starksboro Fire Station. Then Tuesday, crews will go back to the project limit and pave the remaining lane up to the Starksboro Fire Station. Paving updates will be issued each day for the remainder of the week.

LENGTHY PAVING TRAFFIC DELAYS: Travel will be reduced to alternating one-way travel around the construction package. Traffic control personnel will be present to maintain traffic flow. **Motorists should anticipate LENGTHY traffic delays while traveling through the project and plan accordingly. Please allow for extra time in your travel plans.**

All work on this project will be performed during daytime work hours. Typical work hours are between the hours of 6:00 a.m. and 7:00 p.m.

Contact Francine Perkins, Public Relations Officer, FRP Enterprises, LLC with any questions or concerns with regards to the project at 802-479-6994 or for a more up to date schedule visit www.RoadWorkUpdates.com.
