

January 13, 2013

To the Hinesburg Selectboard,

I'm writing to express my interest in serving on the newly formed Sustainable Economic Development Committee. I feel that my experience as a Senior Associate at Yellow Wood Associates, a rural economic development consulting firm specializing in natural resource-based economic development, may be useful to the new committee. In my position, I've had the opportunity to work with a variety of different clients, including federal, state and local governments, foundations, citizens groups, nonprofits and others in areas such as agriculture, forestry, water resources, nature-based tourism and more.

I've been living in Hinesburg for the past 11 years and would enjoy contributing to the sustainable economic development of the town I consider home. I look forward to discussing this further with you.

Sincerely,

Melissa Levy
