Subject: Town Health Officer Position.

Hi Renaë,

I'm interested in the Town Health Officer Position. I've talked to Al Barber and got a sense of what the job is (other than the legalities) and I think I could be helpful.

I'm a 63yr old resident of Hinesburg, with 3 years on the fire department as a Firefighter and Advanced EMT. I work for Lamoille Ambulance as an EMT and their Training Officer. I have a life-long interest in Science, Medicine and Social Justice! I'm also a pragmatist.

I work part-time so can be generally available.

Please talk to Al for references.

Thanks for consideration, and contact me at any time.

Cheers, Joe.

Subject: Re: Fire Chief Reappointment

Yes everyone in good with the reappointment. We did something different this year by way of approval and again I was approved 100%.

I am willing serve another year as Fire Chief.

Joe would make a very good health office for the town. He is a caring individual will to help folks in need as he has proven thru his work on the fire department. I would recommend Joe for the job.
