Subject: Village Steering Committee

Dear Joe: I am responding to your request regarding whether I wish to stand for another term on the Village Steering Committee.

After serving eight years on the committee, since its inception in 2005, and as its first chair, I will not be putting my name forward to the Select Board for consideration for another term. It is time to move on to serve on other town committees and to make room for someone else on the Village Steering Committee.

I will probably send you my name for consideration to serve on the Town Forest Committee, along with the short application form and letter.

In my letter of application to the Select Board to serve on the Town Forest Committee, I will thank them for allowing me to serve several terms on the Village Steering Committee. The priorities the VSC embraced eight years ago (walkability, sidewalks) are major priorities of the Select Board, DRB, and Planning Commission, and the village is a much more pleasant, connected, and safer place to walk now than it was a decade ago. I am proud because I believe that the VSC had a role in helping to make that happen.

GWD
