Dear Select Board Members,

I am applying for a position on the Agency Request Review Board. I am looking for a way to become involved in the community by giving back to it. I was born here in Hinesburg, moved away to teach at Harwood Union High School and came back to Hinesburg when we decided to have a family. What a wonderful community it is!

The task of the committee is to evaluate the information submitted by social service agencies and prioritize needs of the community and to maximize the value residents receive from tax dollars. I feel my experiences and dedication to this community are a good fit. I have an open mind and I have worked with all ages of people and feel I am aware of many of our community's needs. I have worked at CVU, Hinesburg Community School and volunteer at the present time with the elderly at The Vermont Respite House. I also run a small business with my husband, so I am working with "numbers" and have to be organized!

I find it difficult to answer the question on the application about the Town Plan and how I would implement two of the "Top Priority Goals" in section 9. I have read and understand Section 9 and certainly realize that the town plan would be one of the measures to use when prioritizing requests for funding.

Thank you for your consideration. Please contact me if you have questions or need any more information.

Thank you,

Kathleen Newton
