Re: Town of Hinesburg Appreciation for 2013 Rte 116 Paving Project

Dear Dale –

As members of Hinesburg's governing body we would like to take this opportunity to thank you and all of your colleagues at the Agency of Transportation for the paving of Vermont Route 116 during the summer of 2013. Route 116 is one of Hinesburg's most important assets – it is the main thoroughfare of our town – and its continued maintenance is vital to the vibrancy of our community. This past summer's paving was an enormous success and we do appreciate all of your work.

Not only are we satisfied with the final product, but we were pleased with the level of communication from the State. Thanks to the efforts of the Agency, along with Francine Perkins, we were able to keep our residents fully informed each step of the way.

Because of your efforts Route 116 and the Town of Hinesburg look great. Thank you again for your efforts this summer along 116 in Hinesburg.

Sincerely,

Jon Trefry,
Chairman of the Selectboard

Michael Bissonette

Andrea Morgante

Phil Pouech
