Subject: Multiple Milot Development Violations

Joe please forward to the Selectboard.

Dear Selectboard:

I am advised by a member of the Planning Commission that Brett is now occupying Hinesburg Village Center Phase 1, building 44 (next to Bristol Bakery) absent a Certificate of Occupancy, in addition to building 47.

This morning my wife physically saw multiple tenants in that building, drapes hung in the windows, adirondack chairs, and a dog tied up outside.

Earlier today, before I knew of the second occurrence of the occupancy violation, Joe advised me that the Town attorney is meeting with the Selectboard in Executive Session tonight.

To the extent that the public is allowed to know the legal goings-on of the Town, including rights afforded citizens by VSA Section 316, and keeping in mind that I am paying for the Town's legal council through taxation; I'd like to request a timely formal statement from the Selectboard regarding the situation and the remedy it is seeking.

Alex or Peter, do you guys have any comments?
