Subject: Mini Hydro Project at Cemetery Pump Station
Attachments: Hinesburg Small Hydropower In-Conduit Letter Proposal--20131126.doc;
GeneralTermsandConditions (V2).docx

Hi Joe- attached is a proposal from Deb Sachs of EcoStrategies to explore options for the in pipe mini hydro project at cemetery water pump station we discussed previously with the Selectboard. Deb's proposal is for a not to exceed amount of \$10,000; this will enable us to evaluate options and determine if project is viable, if it's not a go we won't be spending this much. Deb will also be looking for grant funding sources and applying for any that are available.
