**Cc:** Joe Colangelo  
**Subject:** Masonic Building Wastewater Line

Happy New Year- Masterson Excavation of Bristol replaced part of the mason building sewer line Monday Dec 30 (moved machine in and got started on stripping topsoil Sat Dec 28). They found much of the line was not 11 feet deep and relatively new SDR pvc pipe. They replaced about 40-50 feet from the manhole toward building and rest of line was good. Haven't received an invoice for work.
