Subject: RE: Village North Sidewalk

Joe,

The only thing that jumps out from Doug's letter, is the second to the last paragraph that states that the boardwalk "not" be required to be plowed in the winter for fear of damaging the decking. According to ADA and Federal guidance the pedestrian facility will be required to be serviceable year round (plowed) so individuals with handicap needs have accessibility. Besides this one issue the rest of the letter sounds fine.

Best Regards,
Nancy

Dear Nancy:

See the attached from Doug Henson regarding our sidewalk project. You did state that the State would allow the boardwalk option. Do you have any immediate thoughts?
