Subject: Possible Virus: Jan 2013 Codes and Standards

Our records indicate that your Town has not adopted the January 2013 Codes and Standards. If the Town does not adopt these standards you will not be eligible for an extra 10% state share of the Town Grant Programs and if there is a FEMA event your community will not be eligible for a higher state contribution. I am not the expert on the FEMA portion. You may contact Ben Rose at Vermont Division of Emergency Management and Homeland Security for additional information on the FEMA aspects of the codes and standards.

If you wish to meet with me for further explanation I am available to meet with you.

There are answers to some Frequently Asked Questions in the Handbook For Local Officials (The Orange Book) section 7 at
<https://inside.vermont.gov/agency/vtrans/VTransIntranetHome/Highway/Ops/DistrictPMTech/Shared%20Documents/The%20Orange%20Book-online%20version%202014-2016.pdf>

I have attached a blank Codes and Standards form to this email. Please have the Town adopt these Codes and Standards and email the completed and signed form back to me. If you have already adopted the Jan 2013 codes and Standards please email be a copy of the adopted and signed document.

Thank You

Richard Hosking, P.E.
