

Conservation Commission

The mission of the Conservation Commission is to promote sustainable and environmentally sound land-use planning and management to protect or enhance the Town's agricultural, natural and historic resources in support of the Hinesburg Town Plan through:

- Developing Planning and Resource Management Tools
- Educational and Outreach Programs

The Hinesburg Conservation Commission operates as an advisory board to the local Development Review Board, Planning Commission, and Select Board. The Conservation Commission is also responsible for the management of Geprags Community Park and recommending expenditures from the Land Conservation Fund for local projects.

The Conservation Commission meets on the 2nd and 4th Tuesday of each month at 7:00 p.m. at the Town Hall. Note: Summer schedule, the Commission meets only once a month.

Commission Members

Name	Term Ends
Meg Handler	1/01/17
Alison Lesure	1/01/16
Bill Marks, Interim Chair	1/01/18

» Vacant Seats are Available - One of them could be yours. [Find out How](#)

Nine Memembr Commission. Members serve 4-year terms.

I would like to help with Educational and Outreach programs. I have seen in Town Meeting, other meetings, and posts on Front Porch Forum that there is often controversy because people are uninformed or misinformed. The Green Space Plan developed by the Conservation Commission contains many valuable suggestions. I would like to help people become informed about these →

Ideas and of the value, physically, and psychologically, of protecting natural and historic spaces.

I would also like to work with ensuring that wild life habitats and corridors are protected.

Protecting water quality is another very important, current issue I would like to be involved with.
