Yes. The next meeting is Monday, October 19th. If you have materials to submit for the Board ahead of time, please send those along no later than Friday noon. Once the agenda is set, we can provide an estimate on time.

Trevor,

Please can you add my name to the agenda for the next Select Board meeting. I would like to bring this issue to the attention of the Select Board members and to present plans showing how I would like the problem to be resolved.

Thank you for your attention,

Jim

Hi again all,

We're a few steps away from the Town making any funding commitments. I'd suggest the focus at this point be on potential solutions, to include considerations related to the alteration of use/flow of the existing footprint of the horseshoe.

Michael,

I think Trevor has a point. It makes sense for the landowners to agree on a solution before meeting again with the town. Can you meet on Sunday morning at 9:00am?

Trevor.....in the meantime, can you confirm that the town has taken ownership for funding a mutually agreeable solution?

Thanks, Jim

Hi all,

I'm more than willing to attend a meeting on site, but I'm curious as to what folks are expecting the Town's role to be in resolving the "horseshoe problem." Is the solution folks are hoping for additional paving (done by the Town) in select spots to slightly widen one end of the horseshoe? Is it total reconfiguration of the section of the horseshoe altered by the sidewalk project?

Has there been any discussion amongst the landowners and tenants about altering the ways in which the horseshoe is utilized?

Wednesday or Thursday would be easier for me. Let me know what works for everyone.

Regards,
-T

Hi Trevor,

I'm emailing you to set up a meeting to discuss a remedy for the horseshoe problem in front of the Grillo/Goldsmith properties in the village. The property owners and the Hinesburg Community Resource Center (the new tenant in the commercial space at 10694 Rt. 116) would dearly like to see the situation resolved, and feel that an on-site meeting with you would be the most effective way to move it forward. Due to various vacation plans, we cannot meet prior to the week of 8/23, but we are wondering whether you might be available sometime that week to discuss. We are proposing a meeting at 5:00 PM or later so that all could attend.

Thank you,
Michael Grillo
