Dear Select Board Members,

On behalf of the Conservation Commission, I am submitting our recommendation to authorize the use of funds from the Land Preservation Fund for the purchase of the Lafreniere Farm property. After review of the application and discussion with Bob Heiser of Vermont Land Trust and Tom Dillon of Hinesburg Land Trust, the Conservation Commission voted unanimously to recommend the allocation of the requested \$15,000 from the Land Preservation Fund for the purchase of Lafreniere Farm.

The Conservation Commission is pleased to support this important conservation project, and if there are any questions regarding our recommendation, please let us know.

Thank you!
Best,
Alison Lesure
