Re: FY17 pay rates and adjustments

---

Per the FY17 budget adopted by voters at Town Meeting in March and the FY17 water and wastewater budget adopted by the Selectboard in June:

- Highway and water/wastewater employees (union): 3.0% increase (per the contract).
- Non-union Town employees: 2.0%.

A change in hourly rate for Erik Bailey will be detailed in a separate memo, reflecting his reclassification from Water/Wastewater Superintendent to Director of Utilities.
