HI

Here is quote for new curtain rods for Town Hall and other info.
Hoping it can be used for budget purposes next year or if there is some funds available it could be done sooner
thanks
andrea

Andrea

Here's a quote from Gordon's. They also quoted new acoustical curtains as a separate price even though you didn't ask for that.

Subject: Hinesburg Town Hall Drape and Hardware Pricing

Hi Sparky - I finally have your pricing for the 10 windows at the Hinesburg Town Hall.

To supply new heavy duty 4001 architectural hardware per the spec attached, and install the hardware and your old drapes, the price is \$1,925 plus tax of \$58.08 if applicable.

To do the above and include new draperies made from Appollo flame retarded accoustical velour fabric (see below) the total price is \$8,343 plus tax of \$461 if applicable.

The drapes would be 2 x fullness Pinch Pleat with FR light filtering lining. Abigail had suggested the color burgundy if you wanted to stick with the present look - but the grey would provide a new, fresh look. And these drapes would make a very big difference to the room - functionally and aesthetically. If need be I can supply the accoustical rating data.

Let me know how I can help further. I apologize for this taking so long.
Best regards,
Gordon

13 oz. Apollo Synthetic Velour, **IFR**

This beautiful 54" wide, light weight and virtually opaque synthetic velour has the look and feel of high-end velvets many times its price. It comes in vibrant saturated colors and has a soft hand for draping. Call for information on custom colors. Weight: .85 pounds per linear yard.

Download full test results for this fabric, or see the charts on absorption coefficients across a range of frequencies for ALL tested fabrics under Technical Information
